

Worldwide Markets and Emerging Technologies for Point-of-Care Testing, 2013- 2019

Table of Contents and List of Exhibits

InteLab Corporation
Market and Technology Reports
Worldwide Markets and Emerging Technologies for Point-of-Care Testing
Report 530
February 2015
Contents

EXECUTIVE SUMMARY

1. MARKET OVERVIEW

- 1.1 Trends in the Global Clinical Diagnostics Market
- 1.2 Clinical Diagnostics Market and Technology Trends by Segment
 - 1.2.1 Clinical Chemistry
 - 1.2.2 Immunodiagnostics
 - 1.2.3 Hematology and Coagulation
 - 1.2.4 Microbiology
 - 1.2.5 Molecular Diagnostics
- 1.3 Trends in Laboratory Restructuring and the Organization of Testing
- 1.4 Factors Driving the Adoption of Point-of-Care Testing
- 1.5 Regulatory Trends Impacting the Use of Point-of-Care Testing
- 1.6 Cost and Reimbursement Issues in Point-of-Care Testing
- 1.7 Quality Control and Quality Assurance Issues in Point-of-Care Testing
- 1.8 Trends in Self-Monitoring, Disease Screening, Wellness Testing, Risk Assessment and Preventative Testing
- 1.9 Changes in the Site of Health Care Delivery

2. HOSPITAL-BASED POINT-OF-CARE TESTING PRODUCTS

- 2.1 Hospital Diagnostic Testing Environment
- 2.2 Bedside Critical Care Testing Products Market
 - 2.2.1 Trends in POC Critical Care Test Volume and Equipment Installed Base

- 2.2.2 Existing POC Critical Care Testing Products
- 2.2.3 New Technologies Under Development for POC Bedside Critical Care Testing
- 2.2.4 Bedside Critical Care Testing Market Analysis and Forecast
- 2.2.5 Bedside Critical Care Testing Product Suppliers' Sales and Market Shares
- 2.2.6 Drivers and Limiters of the Hospital POC Critical Care Testing Products Market
- 2.3 Hospital Bedside Hemostasis Testing Products Market
 - 2.3.1 Trends in POC Hemostasis Test Volume and Equipment Installed Base
 - 2.3.2 Existing POC Hemostasis Testing Products
 - 2.3.3 New Products and Technologies Under Development for POC Hemostasis Testing
 - 2.3.4 Hospital-Based POC Hemostasis Testing Market Analysis and Forecast
 - 2.3.5 Hospital-Based POC Hemostasis Testing Product Suppliers' Sales and Market Shares
 - 2.3.6 Drivers and Limiters of the Hospital POC Hemostasis Testing Products Market
- 2.4 Bedside/POC Drugs of Abuse Testing Products Market
 - 2.4.1 Trends in Bedside/POC Drugs of Abuse Testing
 - 2.4.2 Existing Bedside/POC Drugs of Abuse Testing Products
 - 2.4.3 POC Drugs of Abuse Testing Market Analysis and Forecast
 - 2.4.4 POC Drugs of Abuse Testing Product Suppliers' Sales and Market Shares
 - 2.4.5 Drivers and Limiters of the Hospital POC Drugs of Abuse Testing Products Market
- 2.5 POC Cardiac Marker Testing Products Market Analysis
 - 2.5.1 Trends in POC Cardiac Marker Testing
 - 2.5.2 POC Cardiac Marker Products Under Development
 - 2.5.3 POC Cardiac Marker Market Analysis and Forecast
 - 2.5.4 POC Cardiac Marker Product Suppliers' Sales and Market Shares
 - 2.5.5 Drivers and Limiters of the POC Cardiac Marker Testing Products Market
- 2.6 Other Bedside/POC Testing Products Markets
 - 2.6.1 POC Infectious Disease Testing Products, Market Analysis and Suppliers
 - 2.6.2 POC Products and Markets for Hemoglobin and Hematocrit Testing
 - 2.6.3 Hospital and Institutional Bedside Whole Blood Glucose Monitoring Market

- 2.6.3.1 Products for Hospital/Institutional Bedside Whole Blood Glucose Monitoring
- 2.6.3.2 Hospital/Institutional Bedside Whole Blood Glucose Monitoring Market Analysis
- 2.6.3.3 Drivers and Limiters of the Hospital/Institutional Bedside Whole Blood Glucose Monitoring Products Market
- 2.6.3.4 Other Hospital Bedside POC Testing Products

CHAPTER 3: HOME AND SELF-TESTING PRODUCTS

- 3.1 Whole Blood Glucose Self-Testing Products Market
 - 3.1.1 Existing Whole Blood Glucose Self-Testing Products
 - 3.1.2 Development-Stage Whole Blood Glucose Self-Testing Products
 - 3.1.2.1 Integrated Glucose Testing Devices
 - 3.1.2.2 Implantable Glucose Monitors
 - 3.1.2.3 Non-Invasive Glucose Monitoring
 - 3.1.3 Whole Blood Glucose Self-Testing Products Market Analysis and Forecast
 - 3.1.4 Whole Blood Glucose Self-Testing Product Suppliers' Sales and Market Shares
 - 3.1.5 Drivers and Limiters of the Whole Blood Glucose Self-Testing Products Market
- 3.2 OTC Pregnancy and Fertility Testing Products Market
 - 3.2.1 Trends in Home Pregnancy and Fertility Testing
 - 3.2.2 Existing Products for Home Pregnancy and Fertility Testing
 - 3.2.3 New Products Under Development for Home Pregnancy and Fertility Testing
 - 3.2.4 OTC Pregnancy and Fertility Testing Products Market Analysis and Forecast
 - 3.2.5 OTC Pregnancy and Fertility Testing Product Suppliers' Sales and Market Shares
 - 3.2.6 Drivers and Limiters of the OTC Pregnancy and Fertility Testing Products Market
- 3.3 Markets for Other Home and Self-Testing Products
 - 3.3.1 Cholesterol Self-Testing
 - 3.3.2 Fecal Occult Blood Testing
 - 3.3.3 Home Drugs of Abuse Testing
 - 3.3.4 Coagulation Self-Testing
 - 3.3.5 Infectious Disease Self-Testing

3.3.6 Home Heart Failure Monitoring

CHAPTER 4: PHYSICIAN'S OFFICE AND OTHER ALTERNATE SITE TESTING PRODUCTS

- 4.1 Types of Testing Performed in Physician Offices and Other Alternate Sites
- 4.2 Existing Physician's Office Laboratory Products
- 4.3 New POL Products Under Development
- 4.4 Physician's Office Laboratory Market Analysis
- 4.5 POL Product Suppliers' Sales and Market Shares
- 4.6 Drivers and Limiters of the Worldwide POL Products Market
- 4.7 Other Alternate Site Testing Products and Markets

CHAPTER 5: COMPETITOR ASSESSMENT

- 5.1 Overview of Companies in the Global POC Diagnostics Market
- 5.2 Mergers and Partnerships to Improve Competitive Position
- 5.3 Marketing and Distribution Strategies for the Global POC Diagnostics Market

CHAPTER 6: COMPANY PROFILES

- 6.1 Abaxis
- 6.2 Abbott Laboratories
- 6.3 Accriva Diagnostics
- 6.4 Alere
- 6.5 Alfa Wassermann
- 6.6 Arkray
- 6.7 Bayer Diabetes Care
- 6.8 Danaher
 - 6.8.1 Beckman Coulter
 - 6.8.2 Hemocue
 - 6.8.3 Radiometer
- 6.9 Dexcom
- 6.10 ELITech Group

- 6.11 Helena Laboratories
- 6.12 Instrumentation Laboratory
- 6.13 Menarini Diagnostics
- 6.14 Nipro Diagnostics
- 6.15 NOVA Biomedical
- 6.16 OraSure Technologies
- 6.17 Ortho Clinical Diagnostics
- 6.18 Phamatech
- 6.19 Princeton BioMeditech
- 6.20 Quidel
- 6.21 Response Biomedical
- 6.22 Roche Diagnostics
- 6.23 Siemens Diagnostics
- 6.24 Trinity Biotech

APPENDIX – COMPANY LISTING

COMPANY DIRECTORY

List of Exhibits

- Exhibit ES-1: Worldwide POC In-Vitro Diagnostics Market, 2013-2019
- Exhibit ES-2: Worldwide POC Test Volume Distribution by Site, 2013-2019
- Exhibit ES-3: Worldwide POC Diagnostics Market Trend by Test Site, 2013-2019
- Exhibit ES-4: Worldwide Hospital POC Testing Products Market by Segment, 2013-2019
- Exhibit ES-5: Worldwide Home/Self-Testing Products Market, 2013-2019
- Exhibit ES-6: Global Physician’s Office Laboratory Market by Test Segment
- Exhibit ES-7: Comparison of POC Market Segment Growth Rates, 2014-2019
- Exhibit ES-8: 2014 POC IVD Suppliers’ Sales and Market Share
- Exhibit 1.1: Global Medical Device and Diagnostics Market, 2013-2019
- Exhibit 1.2: Trends in Population 65 and Older and Health Expenditures, Selected Countries

- Exhibit 1.3: U.S. Surgical Procedure Volume by Site, 2013
- Exhibit 1.4: Expansion of Clinical Lab Automation in the U.S.
- Exhibit 1.5: Changes to the Clinical Laboratory Fee Schedule in the U.S., 2000-2014
- Exhibit 1.6: Trends in the Site of Laboratory-Based Testing in the U.S., 2002-2014
- Exhibit 1.7: Worldwide Clinical Diagnostics Market by Segment, 2013-2019
- Exhibit 1.8: Worldwide Clinical Diagnostic Products Market by Region
- Exhibit 1.9: Worldwide Clinical Chemistry Market, 2013-2019
- Exhibit 1.10: 2014 Worldwide Immunoassay Reagent and Supply Market by Segment
- Exhibit 1.11: Worldwide Hematology/Coagulation Testing Products Market, 2013-2019
- Exhibit 1.12: Worldwide Microbiology Market by Segment
- Exhibit 1.13: Worldwide Molecular Diagnostics Market by Application Segment, 2013-2019
- Exhibit 1.14: Number of CLIA-Registered U.S. Clinical Laboratories by Type, 2000-2014
- Exhibit 1.15: Key Factors Driving Adoption of POC Testing
- Exhibit 1.16: Trends in CLIA-Waived Labs vs. Total Labs in the U.S., 2004-2014
- Exhibit 1.17: Waived Analyte Tests Performed in Clinical Labs
- Exhibit 1.18: Waived Analyte Tests Performed by Type of Lab
- Exhibit 1.19: Segmentation of Healthcare Costs in the U.S.
- Exhibit 1.20: Historical Trends in the Number of Hospitals, Hospital Beds, Hospital Admissions, and Average Hospital Stay
- Exhibit 1.21: Trend in the Number of Retail Medical Clinics in the U.S.
- Exhibit 2.1: Hospital Sites for Clinical Diagnostic Testing in the U.S.
- Exhibit 2.2: Clinical Testing Site Distribution for Selected Countries
- Exhibit 2.3: Trends in Global Hospital-Based POC In-Vitro Diagnostic Test Volume
- Exhibit 2.4: Trends in Worldwide Hospital POC Test Volume by Analyte Segment
- Exhibit 2.5: Trends in Emergency Room Visits and Number of Emergency Rooms in Community Hospitals in the U.S.
- Exhibit 2.6: Distribution of Hospital-Based POC Test Volume by Site
- Exhibit 2.7: Clinical Factors Driving Usage of Point-of-Care Testing
- Exhibit 2.8: Trends in Worldwide POC Blood Gas/Electrolyte/Metabolite Test Volume and Instrument Installed Base
- Exhibit 2.9: Existing POC Critical Care Testing Products

- Exhibit 2.10: Development-Stage POC Critical Care Testing Products
- Exhibit 2.11: Worldwide Market for Hospital POC Critical Care Testing Products
- Exhibit 2.12: Worldwide Market for POC Single-Test Cartridge Critical Care Testing Products
- Exhibit 2.13: Worldwide Market for POC Multi-Test Cartridge Critical Care Testing Products
- Exhibit 2.14: Laboratory Versus POC Critical Care Testing Products Market
- Exhibit 2.15: 2014 Worldwide Sales and Market Share for Leading Suppliers of POC Critical Care Testing Products
- Exhibit 2.16: 2014 Worldwide Sales and Market Share for Leading Suppliers of POC Critical Care Testing Products by Region
- Exhibit 2.17: Diseases and Procedures with Indications for Anti-coagulation Therapy
- Exhibit 2.18: Trends in Diagnosis of Atrial Fibrillation in U.S. Hospital Patients, 1996-2006
- Exhibit 2.19: Platelet Aggregation/Platelet Function Test Volume Trend in the U.S. Medicare Population, 2002-2013
- Exhibit 2.20: Trends in Worldwide POC Hemostasis Test Volume and Instrument Installed Base
- Exhibit 2.21: Existing POC Hemostasis Testing Products
- Exhibit 2.22: Worldwide Market for Hospital POC Hemostasis Testing Products
- Exhibit 2.23: Worldwide Market for Hospital POC Hemostasis Testing Products by Segment
- Exhibit 2.24: Laboratory Versus Hospital-Based POC and Self-Test Hemostasis Products Market, 2013-2019
- Exhibit 2.25: 2014 Worldwide Sales and Market Share for Leading Suppliers of Hospital POC Hemostasis Testing Products
- Exhibit 2.26: 2014 Worldwide Sales and Market Share for Leading Suppliers of Hospital POC Hemostasis Testing Products by Region
- Exhibit 2.27: CMS Decision Memorandum Observations
- Exhibit 2.28: Number and Percentage of U.S. ED Visits Involving Illicit Drug Use, 2006 and 2011
- Exhibit 2.29: Existing Hospital POC Drugs of Abuse Testing Products
- Exhibit 2.30: Worldwide Market for POC Drugs-of-Abuse Testing Products (Hospital Segment)
- Exhibit 2.31: Worldwide Market for Laboratory Versus POC Drugs-of-Abuse Testing Products (Hospital Segment)
- Exhibit 2.32: 2014 Worldwide Sales and Market Share for Leading Suppliers of Hospital POC Drugs-of-Abuse Testing Products by Region
- Exhibit 2.33: Analytical Characteristics of Cardiac Troponin I and T Assays for POC and Laboratory Use

- Exhibit 2.34: Existing Hospital POC Cardiac Marker Testing Products
- Exhibit 2.35: New POC Cardiac Marker Testing Products Under Development
- Exhibit 2.36: Worldwide Market for POC Cardiac Marker Products
- Exhibit 2.37: Worldwide Market for Laboratory Versus POC Cardiac Marker Products
- Exhibit 2.38: 2014 Worldwide Sales and Market Share for Leading Suppliers of Hospital POC Cardiac Marker Products by Region
- Exhibit 2.39: Existing Hospital POC Infectious Disease Testing Products
- Exhibit 2.40: Worldwide Market for Hospital POC Infectious Disease Testing Products
- Exhibit 2.41: Worldwide Market for Laboratory Versus Hospital POC Infectious Disease Testing Products
- Exhibit 2.42: 2014 Worldwide Sales and Market Share for Leading Suppliers of Hospital POC Infectious Disease Testing Products by Region
- Exhibit 2.43: Worldwide Market for Hospital POC Hemoglobin and Hematocrit Testing Products
- Exhibit 2.44: 2014 Worldwide Sales and Market Share for Leading Suppliers of Hospital POC Hemoglobin and Hematocrit Testing Products by Region
- Exhibit 2.45: Existing Hospital POC Whole Blood Glucose Monitoring Products
- Exhibit 2.46: Worldwide Market for Hospital POC Whole Blood Glucose Products by Segment
- Exhibit 2.47: Total Worldwide Market for Hospital POC Whole Blood Glucose Testing Products
- Exhibit 2.48: 2014 Worldwide Sales and Market Share for Leading Suppliers of Hospital POC Whole Blood Glucose Testing Products by Region
- Exhibit 3.1: Global Diabetes Prevalence Trends According to the World Health Organization and the International Diabetes Federation
- Exhibit 3.2: Frequency of Blood Glucose Testing by Diabetics in the U.S.
- Exhibit 3.3: Feature Comparison for Leading Brands and Models of Whole Blood Glucose Self-Testing Products
- Exhibit 3.4: Other Suppliers of Glucose Self-Testing Products
- Exhibit 3.5: Development-Stage Noninvasive/Minimally Invasive Glucose Monitoring Devices
- Exhibit 3.6: Worldwide Market for Whole Blood Glucose Self-Testing Products
- Exhibit 3.7: Worldwide Market for Whole Blood Glucose Test Strips, Self-Testing Segment
- Exhibit 3.8: Worldwide Market for Lancets Used in Whole Blood Glucose Self-Testing
- Exhibit 3.9: Worldwide Market for Whole Blood Glucose Self-Testing Products by Region, 2013-2019
- Exhibit 3.10: 2014 Worldwide Sales and Market Shares for Leading Suppliers of Whole Blood Glucose Self-Testing Products

Exhibit 3.11: Home Pregnancy and Fertility Tests

Exhibit 3.12: Worldwide Market for OTC Pregnancy and Fertility Testing Products, 2013-2019

Exhibit 3.13: Worldwide Market for OTC Pregnancy Testing Products, 2013-2019

Exhibit 3.14: Worldwide Market for OTC Fertility Testing Products, 2013-2019

Exhibit 3.15: U.S. Market for OTC Pregnancy and Fertility Testing Products, 2013-2019

Exhibit 3.16: U.S. Market for OTC Pregnancy Testing Products, 2013-2019

Exhibit 3.17: U.S. Market for OTC Fertility Testing Products, 2014-2019

Exhibit 3.18: European Market for OTC Pregnancy and Fertility Testing Products, 2013-2019

Exhibit 3.19: European Market for OTC Pregnancy Testing Products, 2013-2019

Exhibit 3.20: European Market for OTC Fertility Testing Products, 2013-2019

Exhibit 3.21: Japan/ROW Market for OTC Pregnancy and Fertility Testing Products, 2013-2019

Exhibit 3.22: Japan/ROW Market for OTC Pregnancy Testing Products, 2013-2019

Exhibit 3.23: Japan/ROW Market for OTC Fertility Testing Products, 2013-2019

Exhibit 3.24: Worldwide Sales and Market Share for the Leading Suppliers of OTC Pregnancy and Fertility Testing Products, 2014

Exhibit 3.25: Worldwide Market for OTC Blood Lipid Testing Products, 2013-2019

Exhibit 3.26: Worldwide Sales and Market Share for the Leading Suppliers of OTC Blood Lipid Testing Products, 2014

Exhibit 3.27: Fecal Occult Blood Testing Products Available in the Global Market

Exhibit 3.28: Worldwide Market for Home Drugs of Abuse Testing Products, 2013-2019

Exhibit 3.29: Worldwide Sales and Market Share for the Leading Suppliers of Home Drugs of Abuse Testing Products, 2014

Exhibit 3.30: INR Self-Testing Products Available in the Global Market

Exhibit 3.31: Worldwide Market for PT/INR Self-Testing Products, 2013-2019

Exhibit 3.32: Worldwide Sales and Market Share for the Leading Suppliers of PT/INR Self-Testing Products, 2014

Exhibit 4.1: Trends in the Number of CLIA-Registered Physician's Office and Other Selected Alternate Site Labs in the U.S.

Exhibit 4.2: Health Care Financing Administration, Center for Laboratories, CLIA Statistics for POLs as of November 2014 (POLs by Certificate Type)

Exhibit 4.3: Tests Ordered by Office-Based Physicians in the U.S., 2000-2006

Exhibit 4.4: Physician's Office Laboratory Products

- Exhibit 4.5: New Products Under Development for the POL Market
- Exhibit 4.6: Worldwide Market for Physician’s Office Laboratory Testing Products, 2013-2019
- Exhibit 4.7: Worldwide Market for Physician’s Office Laboratory Testing Products by Segment, 2013-2019
- Exhibit 4.8: Worldwide Sales and Market Share for the Leading Suppliers of POL Chemistry Products, 2014
- Exhibit 4.9: Worldwide Sales and Market Share for the Leading Suppliers of POL Immunodiagnostic Products, 2014
- Exhibit 4.10: Worldwide Sales and Market Share for the Leading Suppliers of POL Hematology Products, 2014
- Exhibit 4.11: Worldwide Sales and Market Share for the Leading Suppliers of POL Rapid Test Kits, 2014
- Exhibit 4.12: Worldwide Sales and Market Share for the Leading Suppliers of POL Urinalysis Products, 2014
- Exhibit 4.13: Worldwide Sales and Market Share for the Leading Suppliers of POL Allergy Testing Products, 2014
- Exhibit 4.14: Worldwide Sales and Market Share for the Leading Suppliers of POL Whole Blood Glucose Testing Products, 2014
- Exhibit 4.15: Worldwide Sales and Market Share for the Leading Suppliers of POL Whole Blood Hemoglobin Testing Products, 2014
- Exhibit 4.16: Worldwide Sales and Market Share for the Leading Suppliers of POL Glycated Hemoglobin Testing Products, 2014
- Exhibit 4.17: Worldwide Sales and Market Share for the Leading Suppliers of POL Coagulation Testing Products, 2014
- Exhibit 4.18: Combined Worldwide Sales and Market Shares of Leading Suppliers of Physician's Office Laboratory Products, 2014
- Exhibit 5.1: Overview of Leading Competitors in the POC Diagnostics Market
- Exhibit 5.2: Mergers, Acquisitions, and Partnerships Impacting the POC Diagnostics Market
